

PRISM® Loader

FEATURES

- Laser position for increased accuracy
- 10.4" color touch screen for machine controls
- Pneumatic gripper for loading and transporting
- Efficient German Nord® motor
- Flexible anti-collision safety bar

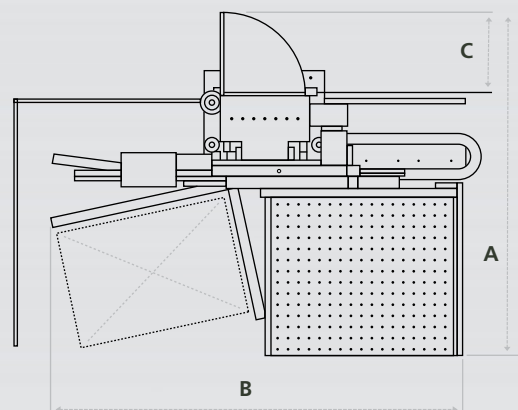

The PRISM Paper Loader is a high-volume, high-production machine built to streamline your cutting process. These heavy duty machines pick up and transport material to the front of the paper cutter. The ergonomic design allows cutting lines to transport sheets faster and more easily. It can be ordered for use on the right or left side of your paper cutter.
